

# Advanced Hospital Tracers & Data Analysis

March 29, 2019 | Las Vegas, NV

Join us to receive a hands-on, advanced look at hospital tracers and how to apply them to your hospital.

---

## Who Should Attend

Join us for a one-day interactive workshop to take an advanced look at hospital tracers. This course is ideal for those who have already mastered the basics of tracer methodology and are ready for a more in-depth look. Hospital personnel responsible for accreditation-related activities should attend, including:

- Physicians
- Nurses
- Directors of Quality
- Risk Managers
- Compliance Officers
- Accreditation Managers

---

## What You Will Learn

Learn how to identify the types of tracers that will help you detect and close gaps in care at your hospital. This seminar offers a comprehensive review of several focused evaluations. Position yourself for success by learning best practices, how to avoid common pitfalls and strategies to remain compliant. You will also understand The Joint Commission's high-reliability approach and how to use tracers to pinpoint risk areas and encourage staff generated ideas for improvement.

---

## Objectives

At the conclusion of this program, you will be able to:

1. Identify types of tracers which assist in detecting gaps or potential risk points that could affect the safety and quality of patients' care.
2. Implement tracers to evaluate high-risk, problem-prone areas through focused evaluations.
3. Evaluate how tracer data can be used to determine the effectiveness of process design in the delivery of safe, quality care.
