Program Objectives:

At the end of this program, participants will be able to:

1. Identify Medicare’s most top cited conditions of participation (CoPs) and difficulties with the Emergency Medical Treatment and Active Labor Act (EMTALA).
2. Discuss common issues and compliance strategies related to Medicare’s requirements for dialysis, swing beds, the physical environment, and emergency preparedness.
3. Describe implications of CMS’s focal point with patient care areas and emotionally safe environments, along with Immediate Jeopardy.
