

Faculty Biography

Stephen C. Anderson, MBA, BSN, RN, CJCP, FACHE

Consultant

Joint Commission Resources

Mr. Stephen Anderson has more than 30 years of experience in health care administration, including expertise in clinical and executive management, performance improvement measuring, and patient safety. His experience in numerous health care settings, including not-for-profit, government, and investor-owned health care delivery systems, has given him a broad understanding of the health care field in the United States and internationally.

Mr. Anderson has conducted consultations and/or educational programs in Singapore, Asia, and North America. He has been an advisor, trainer and consultant to rural hospital Board of Trustees and medical staff with a focus on matters related to regulatory requirements, policy, bylaws, rules and regulations and ongoing professional performance evaluations. Mr. Anderson is a former field representative (surveyor) for The Joint Commission and Joint Commission International.
