

Faculty Biography

Maura Naddy, MSN, RNC-OB

Associate Director

Standards Interpretation

The Joint Commission

Maura Naddy, MSN, RNC-OB, works for The Joint Commission in the Division of Health Care Improvement as an Associate Director in the Standards Interpretation Group for the Hospital and Ambulatory Programs. In this role, Maura works closely with accredited organizations to interpret The Joint Commission standards, identify vulnerabilities, and improve their performance. Maura reviews and determines the status of post survey reports, clarifications, measures of success, and evidence of standards compliance submitted as part of the survey process. She provides leadership and guidance within the team in all aspects of the accreditation process through clinical expertise and customer relationship management and supports the field representative cadre and other customers through the provision of expert interpretation, guidance, and collaboration. Maura has been identified as a subject matter expert in maternal newborn health.

Maura has over 11 years of experience in maternal newborn nursing. Prior to joining The Joint Commission, she worked in both the Inpatient and Outpatient settings caring for women during all stages of pregnancy. Most recently, she was the Clinical Manager for Labor & Delivery and Mother Baby at AMITA Health Adventist Medical Centers, Hinsdale and La Grange, where she was responsible for clinical and operational oversight at both locations.

Maura received her Bachelor of Science in Nursing degree from The University of Illinois at Chicago and her Master of Science in Nursing at Saint Xavier University. She is also certified in Inpatient Obstetrics Nursing through the National Certification Corporation. Maura resides with her husband and three children in a Southwest Suburb of Chicago, La Grange, IL.
